

### Design and Function

Kommod wooden plates are made from selected, yet sustainable grown ash wood.

Each plate follows strictly the philosophy of our product language: Simple, Practical and Pleasing. The sophisticated plate not only store several daily things, but also are a beautiful eyecatcher at the same time. The minimalistic design featured with small and clear edges combines a warm ash tone with a surprisingly fresh elegance.

Delicious food or many other beloved things can stylishly be found on QUISS. Although the design is very accurate, the plate inspires within every scene on the table. Due to its charming appearance the QUISS plate works in several different table scenes. No matter, if you put nuts, fresh fruits or a variation of your favourite cheese, all your beloved things will be placed in a beautiful and representing way.

### Assembling

There is no need for assembling. Unpack QUISS and place it to your favourite place.

### Dimensions

Many prototypes have been developed in order to come to the perfect form of QUISS.

24 cm diameter, 4 cm hight
